**Fees are refundable before June 1 if your spot can be filled, minus a \$25 processing fee.**

The owner of SassyT Canine Academy and a Rally-FrEe Certified Instructor, Jenn is committed to training dogs with force-free positive reinforcement. She has been teaching and competing in canine musical freestyle for over 9 years. Her cane corso, Terra, is the first dog to earn Musical Dog Sport Association's highest title, a Premier title, and the first dog to earn Rally Freestyle Element's highest freestyle title, Musical Freestyle Grand Champion. Her students regularly compete and title in rally-free and musical freestyle; she teaches both sports through group classes, online private lessons and workshops

## Saturday June 16

### 9-12 Perches and Platforms for Precision

This class will introduce and flesh out the proper use of training aids (perches, platforms and ring gates) to create and

build value in strong, fluent, and precise positions. Learn how to shape behaviors without handler movement/prompting, efficiently add verbal cues to discrimination tasks, and get the most

benefit out of these extremely valuable training tools.

They are versatile and especially helpful for training heel positions, backing, sidepasses, distance work, pivots, etc. Once desired behavior is achieved, training aids will be faded and eliminated.

### 1.30-4.30 Intro to Rally-FrEe Workshop

Rally FrEe is a unique sport combining trick behaviors of Canine Musical Freestyle with the format of Rally-Obedience. Dog/handler teams move through a course of 15 st

ations, performing tricks and freestyle moves like spin, around, back, weave and bow with points awarded for precise execution, teamwork, and creativity. Fundamental freestyle and obedience skills are showcased in a uniquely enjoyable and supportive competitor environment. Learn foundation freestyle moves, practice them on a Rally-FrEe course, and get started in this rapidly-growing sport!

## Sunday June 17

### 9-1 Intro to Musical Freestyle Workshop

Did you know you can create a freestyle routine with only three tricks? Learn how to design and polish a musical freestyle routine to showcase the unique strengths of your individual dog. Handlers will learn how to create a routine that keeps their dog engaged and focused with strategic choreography, as well as training exercises for focus and motivation. Topics will include music selection, routine building, musicality, choreography, and back-chaining. Students will learn skills applicable for all live and video competition venues. (MDSA, RFE, WCFO).
